Who is HealthPartners Canada?

HealthPartners is the sole organization in Canada raising funds for nation-wide health charities through workplace giving.

Research

to keep researchers on the cutting edge of fighting disease by discovering treatments and cures

Programs & Services

to enhance the quality of life for Canadians affected by chronic and acute health conditions

start now

Why should I donate through my workplace?

Workplace giving offers a hassle-free solution for your charitable donations. Donations are:

- Deducted directly from your paycheques
- Divided into smaller amounts throughout the year
- Summarized on your T4 for tax purposes

How does my donation help Canadians?

\$50 per pay = 25 health-care professionals receive diabetes tool kits for patient education.

\$12 per pay = 4 days of lab work for graduate students combatting lung infections in cystic fibrosis patients.

\$5 per pay = Emergency financial aid for kidney disease patients' medical expenses.

Education

to educate Canadians on all aspects of chronic disease and deliver trusted information

Advocacy

to reduce barriers by improving health policy and access to care
