

When they ask
what you did
at work today,
say you
changed a life

Your generosity has the power to transform lives. By donating to HealthPartners, you're not just supporting one charity — you're backing a collective of 20 of the most respected health charities in Canada.

Thanks to donors like you, in 2023 alone, our health collective reached over 30 million people in communities like yours across the country. We also provided vital programs to over 5.6 million people in Canada, invested \$114.4 million in life-saving medical research, and so much more. Together, we are a force that is truly greater than the sum of its parts.

The 20 health charities
you'll support

Your Donation in Action

\$5
per pay

Teaches 25 people to support mental health in their workplaces and communities.

\$10
per pay

Helps a child have fun and learn about their diabetes at summer camp.

\$20
per pay

Supports someone with Huntington disease with counselling, referrals, and recreational activities.

\$50
per pay

Pays for six months of travel for a family taking their child to cancer treatments.

\$100
per pay

Sends a child with arthritis to a special one-week summer camp.

Give like it's the person you work with. Because it probably will be. 90% of people are likely to rely on at least one of these health charities at some point in their lives. Please donate today.
