Hi Abbey,

In the heart of our campaign this year lies a deeply personal sentiment: “This is our village.” This theme honours the unique communities we each belong to, made up of our immediate family, extended relatives, and cherished friends. These are the people whose lives have been touched by chronic disease or major illness, often directly supported by the impactful work of one or more of our 20 member charities.

As we rally together for this cause, we are reminded of the profound importance of our efforts. We are not just raising funds; we are embodying the very message we champion daily—creating a healthier future for all Canadians. This campaign is a testament to our commitment, echoing the support and resilience of the villages we hold dear. Together, we are making a difference. Donate with confidence through Charities At Work, knowing that your contribution will be convenient, secure, and private. Simply login and support the charities of your choice by clicking the link below.

Your gift holds immense value, whether it’s investing in life-changing research, supporting programs and services, or enhancing the quality of life for your community’s relatives and friends. Your generosity is deeply appreciated.

Access your personalized and secure giving page by clicking here.

Please note: this link is unique to you and should not be shared with any other employees or donors.

Sincerely,
HealthPartners
